Mary Anne and Charissa –

Please see David's comments in the attached documents. I exchanged voice messages with Clay Miller about whether HQ would like to review the letter and detailed comments. Bottom line from Clay, and consistent with David's edits: **Deliberative Process / Ex. 5** Clay prefers that **Deliberative Process / Ex. 5**

Deliberative Process / Ex. 5

One final minor issue that needs resolution is what to call the visit by Charissa on June 12. **Deliberative Process / Ex. 5** I will let you guys find the best way to describe that.

I am relatively open today and happy to help with finalizing this letter. I am off tomorrow. Please let me know if you would like to discuss. This was a heavy lift - thank you for a great team effort!

Thanks,
Hanh

Hanh -- My thoughts in the attached. (And, on the comments themselves on the OneDrive as well, I think).

R. David Allnutt, Director
Office of Environmental Review and Assessment
U.S. EPA, Region 10

Subject: US 95 cover letter and detailed comments

David,

I would really appreciate your review of the letter and detailed comments before you leave today. Since this may be controversial and given the legal/technical nature of our comments, I would feel better with your review. The comments are 8 pages long and I am sending you the version that includes my comments in track changes.

Thank you!

Hanh Shaw | Acting Manager
Aquatic Resources Unit
Office of Environmental Review and Assessment
U.S. Environmental Protection Agency | Region 10
